

The Program

Valore International Educator Exchange Program is an agency that facilitates cultural and educational exchange through teachers. Our objective is to fulfill the need for highly qualified teachers and promote learning of foreign languages and cultures.

Since its inception, Valore has brought many US teachers into East Asian countries as well as placing teachers from the East and Central America to US schools.

Our program teachers are received very well among students and their fellow teachers at the participated schools. Many schools are pleased with the teachers' performance and their ability to increase students' learning and understanding of the culture.

School can participate in the program with contracted teachers in a renewable agreement yearly for up to three years.

THERE IS NO FEE FOR SCHOOLS TO PARTICIPATE IN THE PROGRAM

If your school does not have enough student enrollments in a newly developed program, such as Chinese, but you need part time teachers for the classes. Some of our teachers have the capability to teach in foreign language and other subject, such as Math, English, ESL...etc.

"Through our associate with Valore International, I have been professionally acquainted regarding the staffing of an international teacher from Chile. Valore was earnest, resourceful and fulfilled their obligation to our school district.

The teacher we hired is both competent and intelligent. The community has received her well and has appreciated what she offers to our educational program. As to the process, Valore worked diligently with us to meet our needs and requirements for the agreement in a timely manner. I would definitely use their program in the future again to address high need areas that are hard to fill"

*Gary Iker Ed.D
Superintendent Darrouzett ISD*

The Teacher

To participate in the program, teachers must have

- Bachelor Degree or above
- Three years of experience in teaching and or professional related works.
- Certified by the home government
- Enjoy teaching and familiar with American Culture and pedagogy
- A good work ethic and no criminal record

All teachers in the program have equivalent of experiences and credential as US teachers and are certified or ready to be certified in the U.S. Our teachers are gladly adhere to the existing hiring or emergency certification-related procedures as defined by the school.

ENGLISH PROFICIENCY

English proficiency is one of our key selection criteria. Teachers in the program have scored a high grade in TO-FEL or TSE (Test of Spoken English) and or have learned English since grade schools to college.

All teachers must have a clear background check in their home country.

The Procedure

INTERVIEW

Interview Field Trip: held in the beginning of the year (Feb or March) at various country. Only licensed teachers are admitted for the interviews. Trip is arranged at an affordable cost. Accommodation and meals may be provided for free depending on recruitment terms and conditions.

Remote Interview: This can be conducted through video or phone conference at various times. Teachers' video/audio presentation can be reviewed prior to the interview.

VISA

We have professional staff to handle all the visa requirements for the teachers to come. School will only need to provide the documents needed for submission to USCIS. A minimal application fee is required by USCIS.

If a particular teacher is not suitable in the school, the contract can be terminated without any obligation.

Ongoing Support

Continue support to our teachers and schools is very important mission in our program. Valore has worked very closely with our teachers and school administrator to ensure the program is carried out successfully.

To facilitate the life transition in the U.S, Valore encourages our teachers to participate in the newly adapted community and shares experiences in teaching, culture and many different aspects.

We help our teachers in many ways including housing and transportation arrangement, obtaining official documents and much more.

Request To View Resumes

Give us a call 512-535-4344 or email info@vieep.org to request resumes for review.

Teacher's Video/Audio presentation is also available upon request

Valore's mission is to promote culture and education exchange through teachers and to improve the need for highly qualified teachers in critical needed areas.

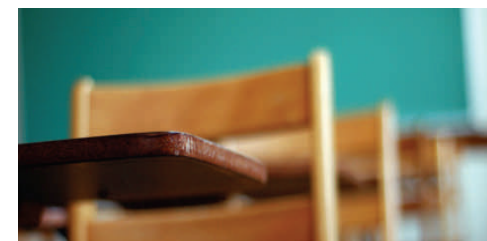

We know that bringing international faculty on board is not an easy task. Participating in the program, we ensure you will have a great experience working with international educators with no hassle.

Let us help to improve your school's need for highly qualified teachers and cultural program.
