To Whom It May Concern:

Through our association with Valore International, Gina Chiang and I have been professionally acquainted regarding the staffing of an international foreign language teacher from Chile. Valore was earnest, resourceful and fulfilled their obligation to our school district.

The teacher we hired through Valore is both competent and intelligent. Her efforts thus far have set the standard for Spanish instruction. The community has received her well and has appreciated what she offers to our educational program. As to the process, Valore worked diligently with us to meet our needs and requirements for the agreement in a timely manner. I would definitely use their services in the future to address high need areas that are hard to fill.

Sincerely,
